Overview What's Included How It Works Enroll

What You Need To Enroll

✓ Enrolling as an Individual

If you are an individual or sole proprietor/single person business, get started by signing in with your Apple ID with **two-factor authentication** turned on. You'll need to provide basic personal information, including your legal name and address.

✓ Enrolling as an Organization

If you're enrolling your organization, you'll need an Apple ID with **two-factor authentication** turned on, as well as the following to get started:

A D-U-N-S* Number

Your organization must have a D-U-N-S Number so that we can verify your organization's identity and legal entity status. These unique nine-digit numbers are assigned by Dun & Bradstreet and are widely used as standard business identifiers. You can check to see if your organization already has a D-U-N-S Number and request one if necessary. They are free in most jurisdictions. [Learn more >](#)
